MEMORANDUM FOR: Mr. John Bross

SUBJECT : Intelligence Subgroup, PMG

REFERENCE : Memo for Mr. Bross, 5 May 1969,
Subject: PMG Review of "Wood Study"

25X1A9a

1. As may be seen from the attached memorandum, the Intelligence Subgroup of the PMG is moving apace toward its final report. [REDACTED] comments in paragraph 7 regarding the destination of the report and in paragraph 8 regarding reasons for its continuance are of particular note.

2. With regard to the latter point, mentioned at the meeting but not transcribed in the Memorandum for the Record, was a comment along the following lines: When [REDACTED] queried as 25X1A9a to why this study is going forward when there are no terms of reference for it, particularly in light of the fact that the Working Group on the Wood Study proper is not proceeding because of the numerous other studies in process on the same subject, the reply was that the continuance is the result of agreement between Weiss and Mr. Seligman of ISA who is Colonel Campbell's boss. Seligman is a former State Department type [REDACTED] 25X9A6

25X9A6

3. It is apparent that if any action to get this study funneled through the DCI is to materialize, effort toward this end must be taken expeditiously.
